

The Right Call After A Fall!

Injuries never seem to take a holiday for a family on the go! From a twisted ankle at soccer practice to a burn from the oven, KidsStreet Urgent Care is here to help your little one heal better and feel better. FAST! We are open 7 days a week with extended hours.

Our medical staff goes above and beyond when it comes to caring for your and your family. Our state-of-the-art facility features on digital x-ray machine which allows our practitioners to get your results immediately. Additionally, should we have to refer you to a specialist, it is a simple process to forward your electronic records with your permission. Even more, our procedure room has everything needed to stitch up cuts and treat minor burns.

The pediatric providers at KidsStreet Urgent Care have extensive experience with injuries and trauma such as falls and fractures, insect bites, burns, muscle sprains and strains, lacerations and stitches, splinter and foreign object removal and allergic reactions.

**If your little ones are injured or hurt
stop by KidsStreet Urgent Care today
and let us help you feel better FAST!**
